

My name is Paul Bond. I had the good fortune to grow up in Oak Ridge North. My parents relocated here in 1973 and still reside in the city today. My wife Leigh Ann and I never left the area. We both graduated from Conroe High School and raised our family in the City of Oak Ridge North.

Leigh Ann and I have been married for 37 years. We have two wonderful children, a daughter Rachel and a son Brandon. Both graduated from Oak Ridge High School and Stephen F. Austin State University.

I have a degree in accounting, and for the past seventeen years I have been employed by the same company. My current role is Manager of Functional Accounting for Equipment, Managed Services, and Professional Services revenue departments.

As a resident of the City of Oak Ridge North, I am aware that many challenges are ahead for our city. It is privilege to serve our city as plans are developed to lay a solid foundation for the future.

Regards,

Paul Bond
