

## Commercial Building Permit Application

All projects must comply with City of Oak Ridge North land use and zoning requirements. Construction plans must be designed in accordance with the City of Oak Ridge North adopted codes. Two paper copies and one PDF digital copy of the plans and all supporting documents, must accompany the application. If new water and/or sewer taps are required, please include the water and sewer tap application. If a new driveway is proposed, please include the driveway application.

Plan review and permit fees are based on the building valuation. The Building Official reserves the right to make the valuation determination. If the project cost is  $\geq$  \$50,000.00, the project must be registered with the Texas Department of Licensing and Regulation (T.D.L.R.) Architectural Barriers. The plan review fee is  $\frac{1}{2}$  of the permit fee and is required at time of submittal. The remaining fees are due at permit issuance. Permit fees may be found on our Fee Schedule. Please complete and submit the application and all necessary accompanying forms to the permit office located in City Hall at the address located at the bottom of this page. **Submitting an incomplete application will result in the application being denied.** The applicant will receive the City’s written comments, and notification of any additional requirements, within 10 business days.

- **ALL INSPECTIONS MUST BE CALLED IN 24 HOURS IN ADVANCE.**
- **INSPECTION REQUEST LINE. (832)381-3298.**

### SUBMITTAL CHECKLIST
